EDUCATION

ESPRIT – Private Higher School of Engineering and Technology Ariana, Tunisia
Master of Science in Engineering Sep 2019 – Aug 2024

EXPERIENCE

Boom Snap Ariana, Tunisia
Front-End Developer · Freelance Aug 2024 – Present

- Delivered **4+ responsive front-end pages** for the PDS project using React, TypeScript, and Tailwind, improving accessibility and cross-device usability.
- Developed custom **WordPress plugins** in PHP for the ATPM project, extending CMS functionality.
- Implemented **30% of backend API** with Node.js, Express, and MongoDB.
- Maintained clean Git workflows with advanced techniques (*interactive rebase, filter-repo*).

QuickAI Remote
Full-Stack Developer · Personal SaaS Project Jun 2025 – Aug 2025

- Designed and built a **SaaS platform (PERN stack)** for AI-powered content generation.
- Implemented AI features such as **article writing, image generation, and background removal**.
- Integrated secure auth, subscription tiers, and role-based permissions.

Blog App Remote
Full-Stack Developer · Personal Project Mar 2025 – May 2025

- Developed a **MERN-based blogging platform** with authentication, comments, and likes to boost engagement.
- Optimized MongoDB queries, improving scalability for high-content workloads.
- Built a responsive UI with React + Tailwind for seamless desktop and mobile use.

Hayya Ariana, Tunisia
Full-Stack Engineer · Internship Mar 2024 – Aug 2024

- Delivered **90% of MVP** within 5 months using React and Express, including front-end and API integration.
- Implemented **80% of RESTful routes**, covering major business logic.
- Set up CI/CD pipelines in GitLab and pushed **2+ PRs daily**, accelerating release cycles.
